# MRITA KUMARI

#### **EDUCATION**

Lakshmi Narain College Of Technology, Bhopal

BTech CSE AIML - CGPA - 8.09

2022 - 2025

Bhopal, India

Government Women's Polytechnic College

Diploma CSE - Percentage - 75.11%

2018 - 2021

Muzaffarpur, India

Bal Vidya Niketan School

X - CBSE - Percentage - 85%

2017 - 2018

Jehanabad, India

## COURSEWORK / SKILLS

• Object Oriented Programming

• Database Management System (DBMS)

• Data Structures

• Operating Systems

### **PROJECTS**

## Plagiarism Checker Python

**MAY 2024** 

- Leveraged SpaCy and Gensim to build plagiarism detection algorithm; improved text processing speed and reduced false positive matches by using semantic analysis techniques.
- Designed and Optimized a database for storing and indexing documents for quick retrieval.
- Used Machine Learning Framework such as TensorFlow, PyTorch for Implementing machine Learning models for similarity detection.
- Implemented Apache Tika for extracting text from various file formats (e.g. .docx, .pdf).

# Face Recognition For Attendance 2 | Python, OpenCV, TensorFlow

NOVEMBER 2024

- Implemented facial detection and recognition using deep learning models such as CNN or OpenCV's DNN module.
- Used Machine Learning models like Dlib or OpenCV for accurate face recognition.
- Enhance accuracy by handling variations in lighting and facial expressions.
- Designed a database (SQL) to store student/faculty details and attendance records.

## HandWritten Character Recognition Python, NumPy, Pandas

**MAY 2023** 

- Implemented a Handwritten Character recognition using Python , Numpy and pandas
- Preprocessed image datasets by resizing, normalizing, and converting them into numerical arrays for model training.
- Lavereged Pandas for dataset management and analysis of labeled handwriting samples.
- Integrated OpenCV for image processing tasks like contour detection and utilized TensorFlow/PyTorch for model building and evaluation.

### TECHNICAL SKILLS

Programming Languages: Java Database Management: SQL

Tools: VS Code

### SOFT SKILLS

• Teamwork

- Communication
- Time Management

### **CERTIFICATIONS**

- Data Structure and Algorithms Using Java PW Skills
- C Programming Language SwarnimaShree Infotech
- Cloud Computing NPTEL
- Salesforce Virtual Internship Smart Internz
